

Interns/Observers

Peabody College takes seriously the safety and security of minors and vulnerable populations who reside, study, and are served in various ways on our campus daily. As such, each faculty, staff, or student who has Peabody as their home college as well as others who are enrolled in various classes, labs, or work settings, including interns/observers, are required to undergo a fingerprint criminal background check. This check is in accordance with Tennessee law.

In order to complete the background check process you must have a VUNet ID. If you do not have a VUNet ID, ask your VU sponsor to have one issued to you. Once you have a VUNet ID, follow the steps on the Background Clearance webpage to complete the background clearance process.
