HOUSING CONSIDERATIONS

You will be required to sign a lease for your housing situation. A lease is a **contract** binding you to its conditions.

- Most leases are for **12 months**. They can range from 6-24 months.
- Read through the lease carefully and reach out to others if you have questions.
- Be clear about important features like air conditioning, washer/dryer, Wifi, parking, etc.
- There are usually large fees for terminating the contract early.
- Nashville average rent (2021): \$1788 per month. You may need to do significant searching to find suitable options at lower price points.
- **The average rent in Nashville is increasing over 15% a year.**

HOUSING

All graduate and professional students must live **off-campus**. Know the housing resources and begin arranging your housing **as soon as you can**.

ROOM-HUNTING

Work out what you can afford. Don't forget additional expenses, like electricity, internet, trash, and furniture. **Average rent for students is over \$800 a month.**

One way to reduce costs is to live with others.

- **The VU Peabody Admitted Students Facebook page** is a great resource for connecting with potential roommates. Use it to reach out!
- Identify multiple housing options that could work for you. Make sure to contact the landlords and let them know you are interested.
- Start looking at least **2-3 months** before move-in.
- Try to find a way to tour the locations before signing a lease.

NEIGHBORHOODS

Understand the differences between Nashville's various neighborhoods. Look through the **neighborhood resource** that Peabody has created and think about which location works for you. Most students live in a neighborhood close to campus, but others intentionally live further away to experience another side of Nashville.

A few popular neighborhoods:

- **12 South:** About a five-minute drive to campus. There are awesome restaurants from laid-back spots to fine dining.
- **Hillsboro Village:** Walking distance to campus. You will see lots of college students. Cute shops, coffee houses, and great food are also plentiful.
- **Edgemoor:** Walking distance to campus. Comprised mostly of individual homes. This is a quiet area, centrally located with a few restaurants and shops.
- **West End:** Walking distance to campus. Centrally located with many condos, apartments, and chain restaurants. Lots of students live in the area. Home of Centennial Park, the biggest urban park in Nashville and a great place to relax.
