HDC Program Outcomes Report

Graduates

Clinical Mental Health Counseling and School Counseling
In Summer 2012, Fall 2012, and Spring 2013, 8 students earned master’s degrees in the Clinical Mental Health Counseling Program and 6 students earned master’s degrees in the School Counseling Program.

Completion Rate
Of the 8 students admitted to the CMHC Program, 100% completed the degree.
Of the 6 students admitted to the School Program, 100% completed the degree.

National Counselor Exam and Praxis
Because the HDC program is accredited by CACREP, students are eligible to take the National Counselor Exam the semester before graduation. The NCE is not a program requirement but the majority of students in both tracks sit for this exam before graduation. Of the CMHC and SC students who took the NCE exam in 2013, 100% passed the exam. School Counseling students are required to take the Praxis exam as part of the requirements for licensure as a School Counselor. Pass rate for this exam was 100%.

Job Placement Rate
Of students pursuing full time employment after graduation, 100% (6/6) of School Counseling Program graduates obtained jobs in counseling within 6 months of graduation. Of students pursuing full time employment in Clinical Mental Health Counseling 83% (5/6) obtained jobs in counseling within 6 months of graduation and 100 % (2/2) were accepted into doctoral programs following graduation from HDC.

Program Enrollment
There are approximately 52 students enrolled in the Clinical Mental Health Counseling program and approximately 37 students enrolled in the School Counseling program.

Average Class Size
Class sizes range from 4 to 7 students in Practicum and Internship classes. Core classes including both program tracks may average 30 students per class with the average size of program area classes consistent with track size, approximately 13-20 students per class,
