Dear Humphrey Supporters and Friends,

With each new cohort of Humphrey Fellows comes new experiences, new professional and personal backgrounds, and new perspectives for mutual exchange. This year, we are immensely thankful for the diverse group of 11 new Humphrey Fellows hailing from countries around the globe.

All who interact with the cohort are struck by the resilience within the group, the shared commitment to education, and the desire to make positive change in their communities. You provide the opportunity and the insight to help address these challenges.

Thank you for making Nashville a home as you grow, learn, and strategize on how you can best leverage the extensive knowledge shared with you during this journey. Your guidance, aid, and willingness to be present is invaluable. Thank you for your ongoing and continued dedication to the growth and development of our Humphrey fellows.

Sincerely,

The Humphrey Team

Nancy, Cynthia, Amanda, and Autumn

Welcoming the 2016-2017 Cohort of Humphrey Fellows

Setting Anchor in Nashville

In August, our 11 Humphrey Fellows were greeted with the trademark country music, southern hospitality, and bountiful opportunities for educational impact in Nashville! Pictured from left to right are Tsokalanu Msowoya from Malawi, Elizeo Joseph Odu from South Sudan, and Otilia Thebele from Botswana.

Issa Toure, Cote d’Ivoire, 2015-2016

Issa Toure, a Humphrey Fellow from the 2015-2016 cohort, has been hard at work implementing his impact plans in his home country of Cote d’Ivoire. Issa’s project is community learning, youth-entrepreneurship, and active citizenship. He has already communicated with several high school principals, and expect to start the practical aspect very soon. This project aims to connect the students with their community, which has not been addressed in his hometown.

Ekaterina, Russia

“I want to thank Carolyn, Clive, Xu, and the whole Humphrey team for their enthusiasm to make the fellowship a success.”

Tsokalanu, Malawi

“I remember the day when we were invited to attend our first Friendship Family gathering. When we opened the door of the big ballroom, a huge crowd welcoming us was really touching. I remember this warm hug from one of the Friendship Family members. It was so touching and I really felt that I had another family here. Nashville, I’m doing it too!”

Shazia, Pakistan

October Co-Leader of the Month

“I am so thankful to have new people and learned to love.”

Lal, Pakistan

“I am thankful for the love and determination I have met from academics and non-profits in Nashville with Hopkins as quality foundation.”

Lineo, Lesotho

November Leader of the Month

In Lesotho, Lineo leads a non-profit, Ba re ne re, which promotes literacy and creativity for youth and the community.

Nashville “Green all around us A feeling of home Life and energy In the environment As well as in the people we meet A little daunting, I thought the experience would be But since I’ve been there I’ve felt nothing short of ease A little spoiled too A child who feeds on knowledge In the chocolate factory of learning Every day is my birthday and I couldn’t be more content.”

Lineo Segoete

November Leader of the Month
Dr. Ram Hari Lamichhane, Nepal, 2010-2011
Dr. Ram Hari Lamichhane just completed his tenures as the Member (ESO) of Council for Technical and Vocational Training in Nepal. From September this year, Dr. Lamichhane is taking new responsibilities as the Director General of Colombo Plan Staff College located in Manila, Philippines, an Inter-governmental International Organization for human resource development in Asia and the Pacific Region.

Cathy Arendse, South Africa, 2011-2012
Our two South African alumni, Cathy Arendse, and Geeta Motilal, finally met each other recently in Cape Town. They are planning to write up something about their successes and challenges since being back home after their Humphrey years.

Humphreys Ahoy!

Leaders of the Month
Joyce Margaret, Hector, and Geohanna share their reflections about and experiences with leadership at Humphrey Alumni Leaders of the Month

Upcoming Events

"Deep, heartfelt thanks to all of my network support in making my Fellowship possible. Humphrey Town, Friendship Families, Humphrey Fellows, Dean of Commons, and everyone else. You are the ingredients of the recipe.

"Thank you for the great memories and encouragement and for all the help you provided during my fellowship which truly broadened my horizons. I am grateful and will never forget my experience in the Humphrey Program."

"Voluntary community service has radically changed my life for the better. Now I can tell the story of how it works.

"Thank you for the great seminars and workshops that you organized for this fellowship which really broadened up my knowledge and gave me focus that will benefit my nation.

"Voluntary community service has radically changed my life for the better. Now I can tell the story of how it works.

"The kindness and support of very special people I've met so far is the energy that inspires me and gives me focus in reaching and extending my dreams.

"I am struck by everyone's willingness to be vulnerable in sharing their opinions and experiences to help the collective group grow.

"It has been such a pleasure learning so much about the scale of issues I face and the role being able to work with them and support the activity in their home country."

"I am awe-struck by everyone's willingness to be vulnerable in sharing their opinions and experiences to help the collective group grow.

About Humphreys

Humphreys is a program of the United States Institute of Peace.

Humphreys is a non-profit educational program for mid-career professionals from around the world. They come to Washington, D.C., for a year of study and leadership development, and bring back new skills and perspectives to enhance the effectiveness of their organizations and improve the lives of their communities.

Humphreys is a program of the United States Institute of Peace.
