THANK YOU
Thanks to all who helped and/or participated in our annual golf tournament. This fundraiser is essential to our program and with your help we raised close to $8,000! We truly appreciate your dedication to SGS!

ENROLLMENT/RE-ENROLLMENT PACKETS COMING SOON
Be on the lookout for enrollment/re-enrollment packets for the upcoming 2013 school year at SGS. As the summer nears, we will be e-mailing these out again. Return them by the deadline for a special gift! If your e-mail has changed, please call the office at 322-8200 to let someone know. If you will need a hard copy instead of e-mail, please let someone in the office know as well.

FAMILY PICNIC & POTLUCK
The SGS annual Family Picnic/Potluck will be Thursday, May 16th from 5-6:30pm at Fannie Mae Dees/Dragon Park. Please plan to come out and enjoy the evening with friends and food! SGS will provide fried chicken, drinks and paper products. We are asking families to provide a side dish or dessert. We are also asking families to please RSVP with a number attending by Tuesday, May 14th so we can figure out our food needs. Look next to the sign in/out monitor located outside the office for the RSVP and a side dish/dessert sign-up. You can always call the office at 322-8200 to let us know your plans as well.

PRESCHOOL GRADUATION
Neighborhood 4 families, our Preschool Graduation will be Friday, May 31st from 3-4:30pm. Invitations will be coming home soon and we look forward to sharing this exciting transition with your child and families!

NURSE NOTES
From Nurse Theresa

GO FLY A KITE TO CELEBRATE!
May is National Physical Fitness and Sports month! Physical activity has long term benefits for the whole family. It can help prevent heart disease, stroke and some cancers. Being active increases overall strength, endurance and bone, muscle and joint health. Physical activity can help relieve stress, increase your energy and self-esteem.

Children need 60 minutes of activity each day, while adults need 30 minutes. It doesn’t have to be all at once -- short bursts add up. There are so many things you can do as a family! Here are a few family ideas:

- Take a walk after dinner
- Go out in the yard and play tag or throw a ball
- When watching TV, get up and move every time a commercial comes on
- Put on some music and dance

Encouraging children to be active early on puts them on the road to better physical and mental health!

Websites to check out for more ideas and information:

Thank you for your participation, and if you have any questions please ask!

REMINDERS ABOUT YOUR CHILD
If your child is late due to an appointment, please remember to bring an excuse and or a doctor’s note to the office so we can make sure you are not charged a late fee.

Also, if someone will be picking up your child who normally does not, please let someone in the office know. This is for your child’s safety. There may be different teachers present in the afternoons when your child is being picked up, so it is very important to make the staff members in the office aware. Thank you!

*SNEW SAFE FOOT WEAR POLICY*
SGS children are active – especially in the summer! To help keep kids safe, SGS has added a policy as a preventative measure against potential accidents. To participate in SGS activities, children must wear full shoes, such as athletic sneakers, or sandals with a solid rubber sole and a heel strap. On water play days, children should wear water shoes. These typically have a rubber sole and are made of mesh and nylon. Flip-flops or crocs are not appropriate for active SGS play, even on water play days! This link provides more information about safe foot wear.

Thank you for your participation, and if you have any questions please ask!
