

## **HDC Program Outcomes Report Fall 2018**

### **Clinical Mental Health Counseling and School Counseling**

In 2018, 21 students earned master's degrees in the Clinical Mental Health Counseling Program and 14 students earned master's degrees in the School Counseling Program.

#### **Completion Rate**

Of the 24 students admitted to the CMHC Program, 21 students (87.5%) completed the degree in Human Development Counseling in 2018. Three students (12.5%) completed the degree in Human Development Studies. Of the 14 students admitted to the School Counseling Program, 14 students (100%) completed the degree in Human Development Counseling.

#### **National Counselor Exam and Praxis**

Because the HDC program is accredited by CACREP, students are eligible to take the National Counselor Exam the semester before graduation. The NCE is not a program requirement but the majority of students in both tracks sit for this exam before graduation. Of the 16 CMHC students and 13 SC students who took the NCE exam in 2018, 100% passed the exam. School Counseling students are required to take the Praxis exam as part of the requirements for licensure as a School Counselor. Pass rate for this exam was 100%.

#### **Job Placement Rate**

Of students pursuing full time employment after graduation, 100% (15/15) of SC 2017 graduates obtained full time employment in counseling within 6 months of graduation and 100% (16/16) of CMHC 2017 graduates obtained full time employment in Clinical Mental Health Counseling within 6 months of graduation.

#### **Program Enrollment 2017-2018**

There are 61 students enrolled in the Clinical Mental Health Counseling program and 22 students enrolled in the School Counseling program.

#### **Average Class Size**

Class sizes range from 5 to 7 students in Practicum and Internship seminars. Core classes including both program tracks may average 30-33 students per class with the average size of program area classes consistent with track size, approximately 14-23 students per class.
